New Modeled Gender Option

Mobile-First Updated CAS UX

Ongoing – full new UX targeting the 2023-2024 cycle

2022 Roadmap Candidates

Sample Roadmap Candidate Projects & Themes

Drive Adoption

- Ability to copy applicant to another CAS or another cycle
- Duolingo Integration
- Implement Test Optional in Config Portal
- Open Date override for small but vocal set of DTC customers
- Othot/CAS integration POC (drive applications or more designations)
- Othot/WebAdMIT integration POC
- WebAdMIT simple workflow automation (custom fields, local statuses)

Optimize Onboarding

- App gateway enhancements to simplify BU rollover
- Bulk User Update tool in WebAdMIT
- Environment-specific features to reduce errors in feature activation during promotion
- Lookup Manager in App Builder
- Manage background check setup in App Builder
- Manage Official Test score integrations in App Builder
- Move unicas_ux tables to unicas_config for rollover / promotion
- WebAdMIT CEL automation

Strategically Improve CAS Platform

- Applicant NPS Survey capability
- One-to-many custom question types
- Support for Programlevel (Q4) Google tags
- "Officially Supported" unofficial-then-official transcript workflow

Remediate Dissatisfiers

New Deferred Applicant process

- Allow WebAdMIT Admins (or another user) to edit/delete all lists, reports, exports, and PDF Manager templates at their org.
- Allow WebAdMIT's PDF Manager to bulkdownload schooluploaded documents
- Config Portal "dynamic" standard program attributes (e.g. term)
- Config Portal shared rules
- Customizable Modeled Race & Ethnicity Options (Middle Eastern / North African)
