VMCAS Quick Start Guide and FAQs

What is VMCAS?

The Veterinary Medical College Application Service (VMCAS) is sponsored by the American Association of Veterinary Medical Colleges (AAVMC). This common application simplifies the process of applying to veterinary school. Applicants use VMCAS to apply to the vast majority of AVMA/COE accredited colleges in the United States and abroad, including 29 of the 30 US veterinary institutions, three Canadian, two Scottish, one British, one Irish, one New Zealand, two Australian, and two Caribbean veterinary institutions.

The VMCAS application allows you to submit one application that is accepted by all selected programs. Once received by VMCAS, your application and materials go through a verification process before being released to your selected school designations.

Supplemental application deadlines, prerequisite courses, and other aspects of the admissions process differ from school to school. You are responsible for being aware of all instructions provided by VMCAS and associated member institutions; for additional guidance, check out the AAVMC’s Applicant Guide.
