## What is AACOMAS?

The American Association of Colleges of Osteopathic Medicine Application Service (AACOMAS) simplifies the process of applying to osteopathic medicine programs. You start by selecting the programs you wish to apply to, then you submit one application that includes all necessary materials. Once received by AACOMAS, your application and materials go through a verification process before being transmitted to all of your selected programs. [Click here](#) to start your application.

## How long does the application process take?

It's important you apply as early as possible since completing your application can be a lengthy process, and since application processing times vary throughout the cycle. Below is a suggested timeline that includes key actions to keep the application process on track. This timeline may need to be adjusted based on your programs' deadlines and requirements.

Should I send my high school transcripts?

No.

My transfer credits are listed on my primary transcript. Do I still need to send all transcripts?

You must report all colleges and universities attended and submit official transcripts, even if your transfer credits are listed on your primary transcript. See Sending Official Transcripts for more guidelines.

How do I know what my primary institution is?

Your primary institution is the college or university where you earned or will earn your first undergraduate college degree.

Do I really have to enter all coursework?

Yes, you must enter all US and English Canadian coursework into the Transcript Entry section of the application. You can also opt to pay for Professional Transcript Entry (PTE).

How do I list my repeated courses?

AACOMAS considers a course to be repeated if you enrolled in the same course (with the same course title and prefix) again at the same college or university.

Should I submit my application if I'm still waiting on transcripts, evaluations, and/or official test scores?

Yes. You can submit your application before your transcripts, evaluations, and/or official test scores are received by AACOMAS.

I submitted my application to the wrong program. What do I do?

If you would like your application to be considered for a different program, contact the school to determine if they can change your program.

Will AACOMAS update me on the status of my application?

Your application status for each program is listed in the Check Status section of the application. AACOMAS will notify you when official transcripts and evaluations are received, and when your application is verified.

When will I learn about admissions decisions? Did I get in!?

You must reach out to your program(s) to learn about a school's admissions decisions.

Do fee waivers expire?

If you qualified for and were awarded a AACOMAS fee waiver, your fee waiver expires in 14 days, including weekends and holidays. See AACOMAS Application Fees and Fee Waivers for more information.

Why don't I see the option for a fee waiver?

AACOMAS has a limited amount of fee waivers to award over a cycle. If you do not see the option to apply for a fee waiver, then all fee waivers have been awarded and none are left to be dispersed.
Report all attempts of repeated coursework (including those that are currently in-progress or planned) and be sure to mark them as repeated during Transcript Review. Enter the number of credit hours attempted for each course, regardless of how many credits were actually earned.

If you update a grade for a repeated course during the Academic Update period, your GPA will be updated to reflect the new grade, in addition to the grade for the initial course attempt.

Should I include foreign coursework in the Transcript Entry section?

No.

Why is my AACOMAS GPA different from the GPA on my transcripts?

The AACOMAS GPAs factor in all coursework taken, regardless of the college or university and any academic forgiveness policies. See Calculating Your AACOMAS GPAs for more information.

I don’t agree with the GPA. How do I change it?

The AACOMAS GPAs factor in all coursework taken, regardless of the college or university and any academic forgiveness policies. If after reviewing your calculated coursework you find an error with your GPA, review Disputing.
