Pre-Submission Release
Selecting Yes for this release authorizes PTCAS to release your name and contact information to your selected programs before you submit your application. Your programs will be able to send you important information about their admissions process before you complete your application.

Advisor Release
Selecting Yes for this release allows PTCAS to release certain information to pre-health advisors at schools you previously attended. This information includes some application information, including your GPA, the names of the physical therapy programs to which you applied, and which program, if any, you matriculate into. They will not see documentation such as transcripts or letters of reference.

If you select No, PTCAS will not release your information to advisors. We encourage you to authorize this release, as it is useful to advisors assisting you and other future applicants; however, it will not affect the consideration given to your application.

PTCAS Certification and Authorization Statement
This release serves as a contractual agreement between you and PTCAS. You must agree to these terms to submit your application. These terms indicate that you agree to all content in the PTCAS Applicant Help Center; therefore, it is important to read and understand the instructions therein.
